SPECIAL SURPLUS SALE

of

NEW HARDY ENGLISH CHRYSANTHEMUMS

NOTICE—BE SURE AND READ FOLLOWING BEFORE ORDERING.

After filling our fall orders we find that we have some fine field grown clumps of nearly all the varieties left. Of some the supply is really very limited. We will fill the orders in strict rotation so be sure to get your order in early. There is no frost in the ground as this goes to press and probably can fill your order as soon as we receive it.

Clumps are for immediate shipment only. If you are not able to handle the clumps now, please order the rooted cuttings and specify the date you would like to have them shipped. But whichever you order, get in your order at once in order to be sure you are getting what you want.

It would please us very much if you would mention a few second choice varieties in case we are out of some that you order.

This is the first year that we have sent out a wholesale list of rooted cuttings. All orders for rooted cuttings should be sent in now, even though you want shipment made later. When orders are in to cover all of our surplus we cannot accept any more wholesale orders.

This list is strictly **WHOLESALE ONLY**. We will send out a retail list later of rooted cuttings and the price of rooted cuttings is just about the same per each as we are asking for field-grown clumps wholesale. We will have no wholesale prices after March 1st, so please rush your order if you want to take advantage of these prices.

YOU MAY ORDER SIX CLUMPS OF ANY ONE VARIETY FOR THE PRICE OF FIVE.

ROOTED CUTTINGS DO NOT ORDER LESS THAN TEN OF A VARIETY.
